1) INITIAL REPORT

Prepared By: DAVID P HANKS

Date Reported: 11/19/2018

Deceased: Charles Freitag White male. DOB: 08/31/1960

Saturday August 25, 2018. Detective Walp and I (Hanks) responded to BCCF for a Death Investigation in "B" Block.

I arrived on scene at 12:22 pm and met with Chief Investigator Bochenek and Director C Pirolli

"B" Block had been evacuated and Freitag was laying in the common area. He was covered with blankets and discarded emergency response items (gloves/bandages) were by his body.

The door to his cell (B3) was secured with Evidence Tape

We then viewed video of "B" Block and observed the following:

Inmate Freitag exited his cell and got his medications at 09:12 am then returned to his cell at 09:16 am. Cell

B3 was checked by COs at 10:04 and 10:21 am without incident. At 10:55 an inmate (Robert Monacelli

05/25/1992) looked inside the cell and saw Freitag and a large amount of blood. A medical emergency was

called by staff and "B" Block was secured. BCCF Medical staff arrived within 2 minutes and attempted

lifesaving procedures (CPR and tourniquets)

No one entered Cell B3 from the time Freitag returned with his medication sat 09:16 and the time the Medical

emergency was called

Warrington and Central Bucks Squads responded and time of death was noted as 11:19 am

Prison Investigator Osenick responded.

Deputy Coroner Kristina Johnson responded and viewed the body. Freitag had extensive cutting injuries on both arms

Along with Prison Investigator Osenick, we photographed and searched the cell. Under the lower bunk we found a "V" shaped section of hard plastic. It appeared to be a section broken off a standard issue coffee mug. We could not locate the remainder of the mug. Det Walp took possession of the item to take it to the Post Mortem examination.

Deputy Coroner Kristina Johnson removed Freitag's body at approximately 14:06 hrs.

Freitag's cell mate, Justin Burks 6/17/1970 said that Freitag was desponded after being sentenced to 6-12 years in State Prison yesterday (Friday 08/24/2018) Freitag told Burks that he was embarrassed after disclosing in court yesterday that he purposely tried to kill himself by crashing into his ex-wife's home. Burks said that Freitag was "always beating he up for what he did" (crashing the car into hi sex-wife's home) and told us that Freitag had also cut his wrists in the past. Burks said that there had been 5 Coffee cups in their cell area. (There were still 5 cups when we searched the cell)

We spoke to Correctional Officers' Moody and Young, who were the block officers on duty at the time. They said that Inmate Monticelli brought Freitag's condition to their attention, telling CO Mooney that "the dudes covered in blood"

Officer Mooney said that he looked inside the cell and that Freitag looked dead; he was on his knees on the bottom bunk, facing away from the head of the bed with his arms tucked. Mooney then opened the door and left it open while he tried to get the rest of the prisoners away from the area. He called a 'Medical Emergency' and pulled Freitag out of the cell onto the common area, where staff started working on Freitag.

Officer Young described Freitag as a "model prisoner"

Prison Investigators provided us with 3 BCCF hand-written Memorandums from: S.Grows RN, Kristin H LPN and Dispensary along with a list of responding EMT Personnel.

I was contacted by DDA Stancu who expressed her concern for the situation and for the welfare of Freitag's ex-wife. I advised her to contact Deputy Coroner Johnson. She will also contact Falls Twp. Police (Det. O'Connell) she asked if we contact Judge Gibbons and advise her of the situation.

The Post Mortem examination occurred on Monday 8/27/2018 and was attended by Det. Walp and performed by Dr. Hood
